

Welcome to EBUScore

EBUScore is a suite of Duplicate Bridge Scoring programs.

It is a rebranded version of the popular Jeff Smith suite of scoring software - Pairs Scorer, Teams Scorer and so on. For a while, the programs will look very similar to the Jeff Smith programs.

- Existing users of the Jeff Smith suite need to note that EBUScore event data files are incompatible - you cannot use EBUScore to access events that were created by PairsScorer, and vice versa. Please see [here](#) for more information.

Otherwise, nothing fundamental has changed. To see what else is new, take a look at [What's New](#)

[Should my club switch to EBUScore?](#)

EBUScore is available for affiliated clubs, counties and EBUTA members, to download for free via the 'new' Members Area (a.k.a. 'My EBU'). Click [here](#) for instructions. Non-affiliated clubs can obtain the software for a fee of £50 + VAT. More details are available [here](#).

Any clubs that currently use the Jeff Smith programs can continue to use those, but they will no longer be supported.

The Suite consists of five independent scoring programs:

- EBUScore Pairs - for scoring normal 'Duplicate Pairs' sessions - the bread and butter of most bridge clubs
- EBUScore Teams - for scoring normal 'Multiple Teams' events
- EBUScore Swiss Pairs
- EBUScore Swiss Teams
- EBUScore Individual

For many bridge clubs, the 'Pairs' program is all that they will need, though quite a few clubs run occasional Teams events.
